Dear Ingee,

Just got your bill today and thought I might send off a quick note with the check. You've got a great bunch of guys working for you. Not only are they knowledgeable and friendly but they are very good at what they do. I would never consider anyone else for my excavation work. Thank you for the great service you've always provided and of course you'll hear from me again unless I get real good at poker and retire.

Sincerely
