Dear Ms. Sgarzi,

Emerald excavating successfully installed approximately 5,000 linear feet of various size ductile iron water pipe in accordance with the plans, specifications, and the time period allotted for the Spyglass Landing Development Project located in Marshfield, MA. The project started in September of 2004 and has been substantially completed.

My company, Marchionda & Associates oversaw the engineering for the Spyglass Landing Project and we were the engineers in charge.
