Dear Emerald Excavating,

"The time has come," the Walrus said: to talk of many things;
of shoes - and ships - and sealing wax - Of cabbages - and kings..."

I must thank you and your crew for the stupendous job you
did in October, in dealing with my Title V requirement.

The weather, rules, regulations and the topography of my
land, was dealt with swift and sure steps, bringing the fruition of
your labor to a quick and desired ending.

The pending sale of said house and property was taken into
consideration, and due to your foreman, John's, expertise and
diligence, a quick resolution was obtained.

I am now in my new Home and the thoughts of all that mud
and upheaval is a fading memory.

Thank you again for all the small and large considerations of
your crew. For, above and beyond caring. My thanks go to John
Kelleher, especially, and may he always have the wind at his
back.

My regards to you all,

Mary O'Brien
