Subject: Emerald Excavating

I am the Superintendent of the Plymouth DPW Water Division and have known the people at Emerald Excavating since 1993. During that time I have worked with them on several projects both working for them installing water services and with them while they were working for the Town of Plymouth.

I never hesitate to recommend them to anyone. I have never heard a negative word about their work or their integrity. Their word is their bond.

If you require further information, please don't hesitate to contact me on my cell phone at [REDACTED]
