

Just wanted to let you know how pleased I am that I chose Emerald Excavating to do my foundation work. All your people were so pleasant to work with, and they did such a great job. It was very important to me that things be done the right way, from the removal of the stumps to the use of the clean fill, and the excellent results in the layout and final pour. Every measure and elevation is just as I drew it. I will highly recommend Emerald Excavating to any one I come across looking for real good work done.

Many Thanks
