Dear Mrs. Kelliher,

My wife Brenda and I wish to thank Emerald Excavating for superb service while performing work at our home located at [REDACTED]

The staff conducted themselves professionally, were knowledgeable and courteous. I would like you to recognize the following employees for a job well done.

First and foremost. John Kelliher the ring leader. John made himself readily available for questions and sound advice. He also guided us through a gauntlet of engineers and town officials. John did this totally aware of a deadline as a closing date fast approached.

Secondly with much respect. Tom Tully and Mark. Together they performed diligently and with no complaints, despite the fact that wind swept frigid temperatures buffeted the site. Nothing would prevent them from accomplishing their mission. They are professionals.

In conclusion. I am confident employees of this caliber should guarantee much future success for your company. They are a credit to themselves as well as to Emerald Excavating. I would not hesitate referring anyone seeking services Emerald provides.

With Much Thanks,

Roy & Brenda Scandura
